

National Grid Electricity Transmission

Street Works Permits and Notices

National Grid Electricity Transmission (NGET) will be changing their street works administration provider from Cadent Gas to National Grid Electricity Distribution (NGED).

Cadent Gas have been providing a street works administration service to NGET, for works not covered by turnkey contracts. This covers permits in England and notices in Wales and the associated transactions to and from the Highway Authorities.

From **Tuesday 2nd April 2024** this service will be provided by NGED.

There will be no change to the process or contacts within NGET.

Contact information for NGED
